## Mozambique Scuba / Snorkelling

2 - 3 Nights

This is a destination off the beaten track, in nature surrounded by crystal clear tropical water and spectacular white sandy beaches.

We enter Mozambique & travel to Maputo where we will be transferred by boat to one of the last non-commercial holiday destinations in Mozambique.

Discover this wild, untouched piece of land jutting into the Indian Ocean on the eastern side of Maputo Bay. Indulge in world class fishing, exquisite bird sightings and mind-boggling snorkelling. This Peninsula is one of the best Mozambique holiday destinations that offers all year-round satisfaction.

Options include just relaxing on the beach, snorkelling or sightseeing tour by boat. If we are lucky, we could even see a Dugong!

\*Note: Please bear in mind that travel to Mozambique will require a Visa if considering this option.
